# HEALTHCARE

IN HEALTHCARE, flooring solutions must respond to numerous demands. Health and hygiene are a clear priority, but the flooring must also provide a range of technical features and create a suitable environment where patients can heal and staff can work in comfort and ease.

# AGED CARE

FOR THE ELDERLY, a secure, comfortable environment can prolong an active and independent life, and provide safety for the vulnerable. In this setting, flooring choices can contribute positively to support both the carers and those being cared for.

# EDUCATION

IN EDUCATION, the life of a floor reflects the different ages of its users – from toddlers just starting to explore, to students on a journey of intellectual discovery. Over many years, Tarkett has forged partnerships in projects throughout the education system, working with professionals to develop better learning environments.

# TRAVEL & LEISURE

WITH EVER MORE DEMANDING GUESTS, hotels and museums are constantly searching for the competitive advantage that will differentiate their services. For major international chains, that often means a consistent style whatever the country, while boutique hotels, small chains, restaurants or bars may rely on individuality.
