A Tarkett Company

Tandus Centiva's unique line of Powerbond®, Freeform®, Modular, Broadloom, Woven and LVT flooring products offer a true fit-for-purpose approach to enhance spaces for learning, working, healing and living. With industry-leading product design, unrivaled service and a commitment to environmental and social stewardship, Tandus Centiva provides the ultimate flooring experience for our customers.

Ask me about Tandus Centiva's Fit-for-purpose solutions:

- **Texture** — Texture Appearance Retention Ratings (TARR)
- **Acoustics** — Impact Insulation Class Products (IIC) & Noise Reduction Coefficients (NRC)
- **Comfort** — Thermal Comfort and Comfort Under Foot
- **Cost** — Lower Life Cycle Cost
- **Moisture** — Tolerance to higher concrete slab moisture

At Tandus Centiva, we design and manufacture flooring with a commitment and purpose to communicate better, simpler, clearer form and function. From the technical expertise, strength and recycled/recyclable core of our backing systems to the beautifully engineered construction of our face fibers and patterns, we offer product platforms geared for today's 21st century education market, where products need to work with one another aesthetically and in terms of intent and how they function in the education environment.

This is what drives us. Our extremely dedicated staff of managers, technicians, manufacturers, world-renowned textile consultants and designers—including Suzanne Tick and Jhane Barnes—succeed when our customers desire our floor coverings as much for their beauty as for their ability to add meaning and longevity to the interior spaces they so skillfully design.

Tandus Centiva is proud to offer solutions that enhance places where we live, work, learn and heal.
