

FACT: MADE IN THE USA

When it comes to the environment, red, white and blue are some of the greenest colors around. Making products like Venue, Contour and Victory in the US reduces energy used for transportation, supports the American workforce and keeps dollars invested locally. When it's time for our products to be recycled, they don't have far to go to start the product life cycle all over again.

FACT: RESPONSIBLY MANUFACTURED

- 0% waste water
- Reduction efforts have reduced waste to landfill to less than 1%
- Energy Conservation - Modern technology with improvements for energy efficiency
- Resource Stewardship
- ISO 14001 Certified

FACT: 100% RECYCLABLE,* RECLAIMABLE AND CONTAINS RECYCLED CONTENT

*Through our reclamation process.

- Decreases oil and landfill dependency

At Tandus Centiva, recycling is a priority. It's part of our commitment to environmentally responsible manufacturing.

Recycled Content in Tandus Centiva LVT (percent)

All Tandus Centiva LVT can be recycled over and over again. This is possible with the use of superior raw materials which means our products retain exceptional performance even after reprocessing. Through our recovery process, our flooring can be reclaimed and made into new products after its usefulness has ended. Tandus Centiva products are designed to have a continual life cycle.

FACT: QUALITY IS KEY TO SUSTAINABILITY

- Good materials
- High density wearlayer
- High quality recycled content
- Toluene FREE inks
- Phthalate FREE homogeneous Victory

FACT: LOW VOCs

On average, most people spend as much as 90% of their time indoors. Tandus Centiva floors contribute to better living, learning and working spaces. All LVT products are FloorScore Certified and adhesives are GREENGUARD Certified. This means our products have met stringent indoor air quality emissions requirements and offer a low VOC solution for interior environments.

- GREENGUARD & GREENGUARD Children and SchoolsSM Certified adhesives
- FloorScore Certified
- People friendly spaces
- Healthy living and working environments

FACT: LOW MAINTENANCE

CEN-T-TOUGH[®] Advanced Scuff Resistance provides a low maintenance surface which saves water and reduces cleaning chemicals in the waste stream. The Tandus Centiva Clean Green maintenance program offers biodegradable products with flexible routines that can be tailored to your floor's cleaning needs.

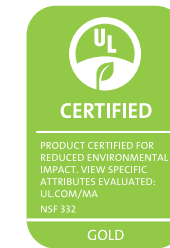

FACT: EASILY DOCUMENTED

Tandus Centiva participates in the evaluation tool ecoScorecard. Easily document green building projects at tandus-centiva.ecoscorecard.com.

THIRD PARTY CERTIFICATIONS

MEMBER USGBC

EVALUATION TOOLS

Tandus Centiva LVT's Contour and Victory products achieved the gold level of the NSF/ANSI-332 Sustainability Assessment for Resilient Floor Coverings. This certifies multiple attributes across the entire product life cycle.
