## Tenth Year the Company Has Earned This Trophy

**SOLON, Ohio (March 9, 2017)** — [Tarkett](#), a worldwide leader in innovative and sustainable flooring and sports surface solutions, announces its training team recently earned a highly regarded spot on the [2017 Training Top 125](#), which is presented by *Training* magazine. The coveted awards program annually recognizes companies unsurpassed in harnessing human capital. This year marks the tenth time the Tarkett team has won the prestigious award.

Companies considered for the rankings are judged on both quantitative analysis and qualitative results. Categories included training program scope, tuition reimbursement, infrastructure, human resources, innovation, success factors, corporate commitment and ingenuity.

Quantitative judging is performed by a third-party research company. Qualitative measures were assessed by *Training* magazine's editor-in-chief along with the Top 10 Hall of Famers, which include organizations that have achieved a top 10 ranking for at least four consecutive years.

"At Tarkett, we take great pride in a culture that celebrates and supports people," said Glen Morrison, President & CEO, Tarkett North America. "Being ranked in the Training Top 125 for the tenth time is one tangible example of how we've successfully translated our commitment to our people into action. We believe robust learning opportunities are essential to attracting, retaining and developing top talent and helping every member of our team reach their full potential."
