### ColorKnit Combines Sophistication and Performance

**SOLON, Ohio (June 12, 2017)** — Tarkett, a worldwide leader in innovative and sustainable flooring and sports surface solutions, today debuts ColorKnit by Tandus Centiva, a new soft surface flooring available with Powerbond® backing or as modular tiles.

ColorKnit's Chanel-like sophistication delivers both restraint and refinement that's combined with multi-color texture to create an original aesthetic. Its color play creates tweed and chenille patterns that offer a classic high-fashion look to the floor plane. ColorKnit's patterns and color will add beauty and high level performance to a variety of interior spaces, including healthcare, education and workplace settings.

ColorKnit will be available in August 2017 with Powerbond backing and as modular carpet tiles. Sizes available include 18"x18", 24"x24", 36"x36", 18"x36", and 9"x36".

More information about all of Tarkett's products can be found at [www.tarkettna.com](http://www.tarkettna.com). High resolution product images available upon request.
