Elysian Is Available in Powerbond® and Modular Formats

SOLON, Ohio (June 12, 2017) — Tarkett, a worldwide leader in innovative and sustainable flooring and sports surface solutions, today unveils Elysian by Tandus Centiva, a soft surface flooring created with the workplace in mind.

Elysian is designed as an approachable, affordable office solution that doesn't sacrifice style for budget. The silk- and wool-inspired visuals of Elysian emulate the fine texture, luster and finish details found in higher price point woven and hand-tufted broadloom carpets.

Elysian is available in Powerbond and as modular. When installed in modular tile format, it delivers affordable elegance in a portable, changeable format that historically has only been available in permanently installed hand-tufted or woven broadloom carpets.

Modular tile sizes available include 18"x36", 9"x36", 24"x24", 18"x18", and 36"x36". Elysian will be available beginning at NeoCon 2017.

More information about all of Tarkett's products can be found at www.tarkettna.com. High resolution product images available upon request.

###

About Tarkett

With net sales of more than €2.7 billion in 2016, Tarkett is a global leader in innovative solutions for flooring and sports surfaces.
