### Tandus Centiva's Collection Enhances the Look of Wood

**SOLON, Ohio (June 12, 2017)** — Tarkett, a worldwide leader in innovative and sustainable flooring and sports surface solutions, introduces More Than Wood, Tandus Centiva's latest digitally printed luxury vinyl flooring collection.

Eight More Than Wood styles feature naturally inspired textures and visuals, turning them into something more for flooring design. For example, Yakisugi has an aesthetic based on shou-sugi-ban, the ancient Japanese technique of charring wood. Our designers experimented with this technique to create one-of-a-kind patterns with exceptional character and appearance.

Other styles in the collection include Amalgamate, Circa, Heartwood, Public House, Sinker Cypress, Spalted, and Townhall. This state-of-the-art digitally printed collection combines the natural look of wood with the durability of LVT to deliver a floor that brings the best of nature to a variety of commercial interiors.

Tarkett's digital print LVT yields a floor with much longer repeats — 4 times longer than traditional LVT printing — and nearly endless design options. The variation in pattern provides tremendous shifts in the overall design, resulting in a more interesting space.

More Than Wood will be available in June 2017. Plank sizes vary depending on series: Yakisugi, Sinker Cypress, Amalgamate: 6"x 36", 6"x 48", 7.2"x 48"; Townhall, Public House: 4"x 36", 6"x 36", 6"x 48", 7.2"x 48"; Heartwood: 6"x 36", 6"x 48", 7.2"x 48", 18"x 18"; Circa: 6"x 36", 9"x 36", 7.2"x 48", 6"x 48", 18"x 18"; and Spalted: 6"x 36", 9"x 36", 6"x 48", 7.2"x 48".
