# RESTORATIVE POWER OF NATURE

GREZZO BLOOM 9004 & GREZZO VIVID 3913

Drawing inspiration from the organic beauty of natural structures and rich pigments found in nature, DESSO Grezzo Bloom and DESSO Grezzo Vivid carpet tile collection brings the restorative power of nature indoors to create a sense of calm energy.

Mimicking the rugged textures, intricate patterns and vivid hues found in the natural world, each tile is unique – perfect for adding depth and seamless movement across expansive floor areas - or creating enduring appeal in smaller spaces.

GREZZO BLOOM 8922, 9004, GREZZO VIVID 8842, 3913, GREZZO 9030

DESSO  
**GREZZO BLOOM**

Like a flourish of moss, or lichen strewn over stone and concrete, Bloom captures the breath-taking beauty and vibrancy found in nature, bringing muted neutral tones to life. The rugged, irregular weave forms an untamed, rock-ribbed texture, adding depth and natural movement to expansive spaces.

DESSO  
**GREZZO VIVID**

Equally energising, Vivid has a matching colour palette and nature-inspired design – but where Bloom softens the Grezzo collection – Vivid adds definition and stylish accents to a floorplan, perfect for creating a refined finish in a variety of workspaces.

# CREATIVE FREEDOM

Grezzo Bloom & Vivid go perfectly together. This collection presents an addition to the existing DESSO Grezzo collection to offer even more creative design freedom when designing your interior space.

## THE BEAUTY OF **CIRCULARITY**

At Tarkett, our approach to circularity focuses on three key areas: design, materials and circular journey. For us, the beauty of circularity is about the beauty of the reused materials that go into our products, the innovative manufacturing processes we implement, and the knowledge that we're actively cutting down on waste and greenhouse gas emissions.

# THE EVOLUTION OF ECOBASE®

Over a decade ago we made a commitment to place circularity at the core of our ambitions as a company. Our carpet tiles are composed of two key components – yarn and EcoBase backing – that come together just as neatly as they can later be taken apart. As part of our continuous efforts to reduce our carbon footprint we are proud to launch a new and improved EcoBase backing, which sees a new bio-based ingredient replace a core ingredient formerly composed of petroleum-based content.

# OUR CIRCULAR CARBON FOOTPRINT

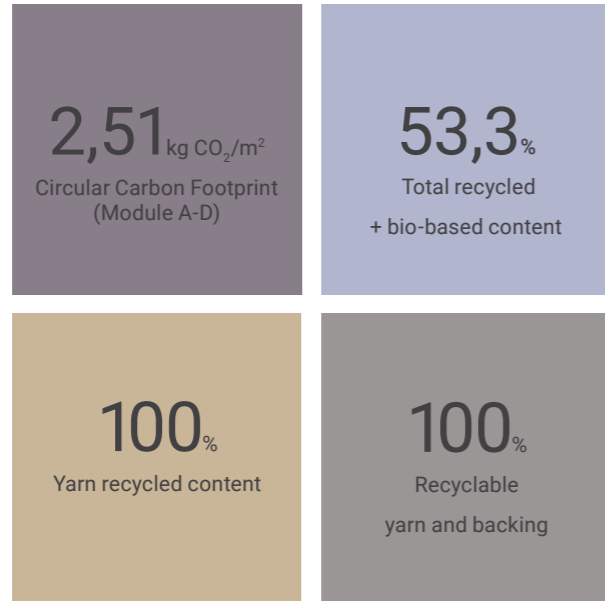

To keep track of the carbon generated and saved over a product's life cycle, we calculate and externally verify the Circular Carbon Footprint of every one of our carpet tile collections.

Together with our holistic design approach and carefully considered materials, our closed-loop system ensures that our carpet tiles record an impressively low circular carbon footprint – one we're continually working, alongside our partners and customers, to shrink even further.

Circular Carbon Footprint: according to the Environmental Product Declaration (EPD) S-P-08952 DESSO Grezzo, Grezzo Bloom, and Grezzo Vivid externally verified by Bureau Veritas, based on the total carbon footprint (Modules A-D) with a closed loop circular recycling scenario.

# SUSTAINABILITY CREDENTIALS

Circular Carbon Footprint: according to the Environmental Product Declaration (EPD) S-P-08952 DESSO Grezzo, Grezzo Bloom, and Grezzo Vivid externally verified by Bureau Veritas, based on the total carbon footprint (Modules A-D) with a closed loop circular recycling scenario.

# TECHNICAL SPECIFICATION

## Preliminary specification

DESSO flooring products are to be installed in full accordance with Tarkett's installation instructions and recognized trade standards. An effective, regular cleaning and maintenance program is vital for retaining a high appearance level. DESSO flooring products should only be used as floorcoverings. Note: Tarkett reserves the right to change this specification without prior notice; changes are subject to normal production tolerances. For the latest versions of the technical specifications, visit [www.tarkett.com](http://www.tarkett.com)

Installation method used in all photography: bricks installation

### Tarkett Human-Conscious Design®

Tarkett Human-Conscious Design® is our pledge to stand with present and future generations. To create flooring and sports surfaces that are good for people and for the planet. And to do it every day.

We deliver on this through the synergy of three commitments:

- 1 Deep human understanding
- 2 Conscious choices. For people and planet
- 3 With you. Every step of the way

### About Tarkett

With a history of more than 140 years, Tarkett is a worldwide leader in innovative and sustainable flooring and sports surface solutions, generating turnover of € 3.4 billion in 2023. The Group has close to 12,000 employees, 23 R&D centers, 8 recycling centers and 34 production sites. Tarkett creates and manufactures solutions for hospitals, schools, housing, hotels, offices, stores and sports fields, serving customers in over 100 countries. To build "The Way to Better Floors," the Group is committed to circular economy and sustainability, in line with its Tarkett Human-Conscious Design® approach. Tarkett is listed on the Euronext regulated market (compartment B, ISIN: FR0004188670, ticker: TKTT)
