RENS

A new take on
Re-Use

A playful yet thoughtful approach to reusing discarded carpet tiles: this brand-new collection is designed with an eye for colour and a mind for patterns. Available in three variations that invite you to plan, play and add a dash of colour to every interior.

With the quality of the DESSO brand, love from the designers of RENS — and powered by Tarkett.

To Play
is to Create

To experiment is to innovate. Tarkett believes in the power of creativity to make functional products that contribute to our health and wellbeing.

The commitment to design **all our carpet tiles with circularity in mind** is central to our operations.

Waste not, want not: it's our shared responsibility to use materials to their fullest and to add value to otherwise discarded products.

That's why we joined forces with Studio RENS. Dutch designers who are material-minded and colourful to the core.

United in Red

Turning, testing, trying: the designers of Studio RENS took a playful, open-minded approach to the task of extending the life span of obsolete or rejected carpet tiles. They came up with an inventive dyeing method, recolouring one half of the tiles red.

United by a common red thread, the various textural characteristics and colours of the original carpet tiles come together perfectly.

Hand-made
to Large Scale

In 2014, Studio RENS started exploring red: the colour that expresses strong emotions, represents love and danger simultaneously, and is notoriously difficult to use in interior design.

The designers' imaginative approach and hand-made process of applying colour led to the valuable insights needed to reuse and revalue carpet tiles.

Tarkett teamed up with the designers to bring this innovation to market. On a larger, industrial scale, yet with the same care and thoughtfulness.

A **New** Lease of Life

Discarded carpet tiles from some of our most widely-used collections now come in a multitude of shades and gradients.

Three sets of balanced combinations encourage you to plan and design your own floor patterns, in short: **to play a colourful game in every interior.**

Each colour combination has its own unique character and is packaged in a box containing 20 pieces, together making up 5 square metres.

A set of **5 x 4 colour coded floor tiles** that allows you to embellish any space or place with **custom designed patterns of diamonds, diagonals and zig-zags.**

Hopscotch

A bright, vivid mix of hues, with crisp yellow and green overtones reminding one of springtime. With the Hopscotch colour scheme, you're sure to add a dose of **breezy, light-hearted movement to everyday life.**

Tangram

An evocative and robust selection of colours, with green and blue shades **creating a subtly outspoken interior.** The tasteful Tangram colour scheme is rich in contrasts: this combination is completely unexpected yet highly practical.

Checkers

A stylish mix of classic, natural grays combined with an eye-catching and warm red. The timeless Checkers colour scheme emphasizes the structurally rich materials and is sure to stimulate the mind – **think ahead and make a move.**

With **Sustainability** in **Mind**

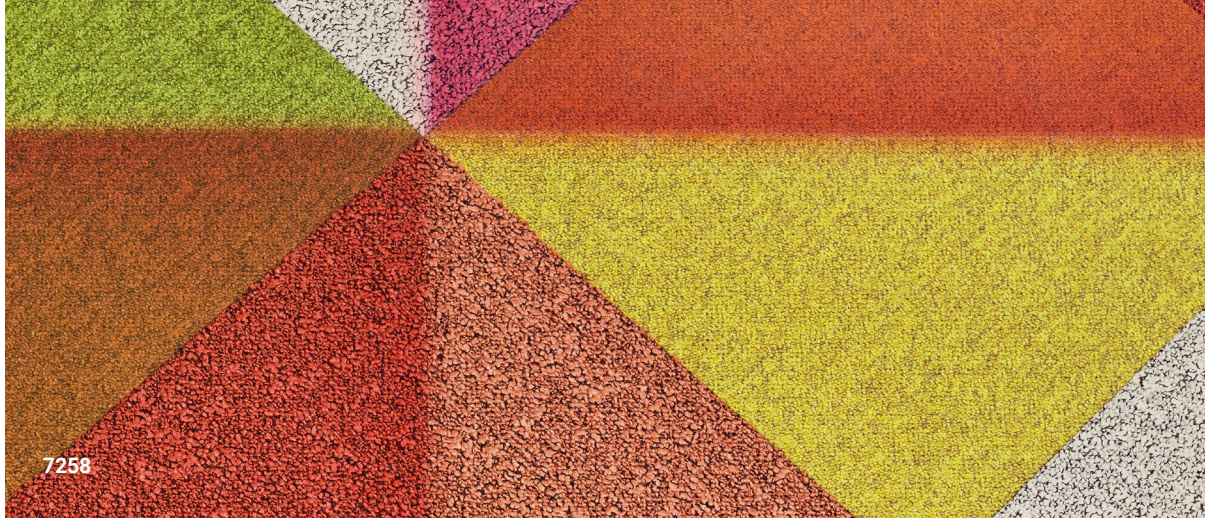
Technical Specifications

Type of manufacture	ISO 2424	Tufted 1/10“ Solution dyed + Print	
Pile Fibre	ISO 2424	Solution dyed BCF PA 6 and ECONYL®*	
Dimensions	EN ISO 24342	50 x 50 cm	
		19.68” x 19.68” (20 tiles per box)	
Primary backing	ISO 2424	Polyester fleece	
Secondary backing	ISO 2424	EcoBase**	
Total thickness	ISO 1765	5.5 - 6.5 mm	0.22 - 0.26 inch
Effective pile thickness	ISO 1766	2.5 - 2.8 mm	0.10 - 0.11 inch
Total mass	ISO 8543	3900 - 4250 g/m²	115.1 - 125.4 oz/yd2
Total pile mass	ISO 2424	550 - 730 g/m²	16.2 - 21.5 oz/yd2
Effective pile mass	ISO 8543	340 - 415 g/m²	10.0 - 12.2 oz/yd2
Pile density	ISO 8543	0.136 - 0.148 g/cm^3	0.0049 -0.0054 lb/in^3
Number of tufts	ISO 1763	1580 /dm^2	132104 /yd^2
Stroll test	ISO 6356	≤ 2.0 kV	
Colour fastness	ISO 105-B02	≥ 4	
Flammability	EN 13501-1	Bfl - s1 (loose laid tested)	



Preliminary specification

DESSO flooring products are to be installed in full accordance with Tarkett’s installation instructions and recognized trade standards. An effective, regular cleaning and maintenance program is vital for retaining a high appearance level. DESSO flooring products should only be used as floorcoverings. Note: Tarkett reserves the right to change this specification without prior notice; changes are subject to normal production tolerances. For the latest versions of the technical specifications, visit www.tarkett.com

* ECONYL® is a yarn made from 100% regenerated content. The total % of regenerated content varies per product and per colour. Whether a colour contains ECONYL® and the exact % thereof can be found on our website: www.tarkett.com

** DESSO EcoBase® is a polyolefin based backing. Positively defined means: all ingredients have been assessed as either Green (optimal) or Yellow (tolerable) according to the Cradle to Cradle® assessment criteria. As described in Cradle to Cradle® Certified CM Product Standard Version 3.1. The total % of recycled content varies per product and per colour which can be found on our website: www.tarkett.com. For products with acoustic backing: SoundMaster/SoundMaster Lite backings contain 80% recycled polyester felt, SoundMaster Thrive is a low antimony polyester felt.
