

# SAVE UP TO 30%\*

on cleaning and maintenance costs with Tarkett flooring (and see payback within 3 years)

## HOW TO EVALUATE YOUR SAVINGS?

### 01

#### KNOWING YOUR NEEDS

Choose one or various types of rooms in a hospital or educational facility (classroom, corridor, patient room, clean room, restaurant area).

#### 02 ADDING FEATURES

Adjust cleaning labour costs, surfaces and a considered period.

### 02

### 03

#### CHOOSING A SOLUTION

Choose a product amongst heterogeneous and homogeneous flooring, linoleum or luxury vinyl tiles.

#### 04 DEFINING ALTERNATIVE OPTIONS

Choose other products to compare, with other Tarkett floorings (homogeneous, heterogeneous, linoleum or LVT) or with other company floorings.

### 04

### 05

#### CUSTOMIZING YOUR PROJECT

Choose your rooms, define surface and period, add your own cleaning protocol or equipment.

#### 06 CHOOSING THE MOST COST-SAVING FLOORING

Compare products and evaluate cost savings.

### 06
