

DESSO

Tide

TUFTED CARPET

The tide
always
comes in

 **Tarkett**

Inspired by an extraordinary element of nature

Tide has a diffused, repeating pattern combined with a multi-level loop structure, giving a wavy 3D-effect to the flooring

Tide lends a feeling of rippling waters to the indoors with its subtly layered wavy design. Like the tidal ridges of the seabed, this textured carpet allows you to play with the space to create a serene flooring with a nautical look.

Bring the ocean to your room with four nautical colours; dark and light blue, dark and light grey.

DESSO® Tide

- Available in 4 nautical colours
- Multi level loop carpet
- Full compliance with IMO part 2 marine standards
- Long term durability
- Reduction of cut-off waste due to specially designed repeat pattern
- 100% ECONYL® yarn
- 10 years warranty
- Delivery from stock*
- Minimum order quantity 25 length meters (x 4,0m width = 100 m²)

Tide 8432

Tide 8801

Tide 9523

Tide 9502

* depending on availability

Healthy Seas

A Journey from Waste to Wear

Healthy Seas, a Journey from Waste to Wear

All colours of Tide are produced using only 100% recycled ECONYL® yarn - a regenerated nylon made from recovered waste materials such as carpet yarn from our Refinity® pilot recycling facility and waste fishnets. As a company we also support the Healthy Seas initiative (www.healthyseas.org). The initiative aims to remove waste, in particular fishing nets for the purpose of creating healthier seas and recycling marine litter into regenerated yarn, some of which is being used to produce new DESSO carpets.

About Tarkett

For 130 years, innovation, dedication to excellence, and a long-lasting commitment to sustainability have made Tarkett a global leader in cuttingedge flooring solutions, for a wide range of market segments.

Since 2015 DESSO Marine is part of Tarkett providing custom design Axminster woven and tufted carpet products and vinyl flooring solutions for the marine industry.

At Tarkett, we are bringing our best thinking and efforts together to make a positive impact on people and planet. We believe in the power of collaboration and dialogue, so we are working with our customers and the entire flooring industry to build a circular economy with good materials, creating happier, healthier and beautiful spaces. We believe in a future for all, where people and the planet prosper in balance.

Preliminary specification

DESSO flooring products are to be installed in full accordance with Tarkett's installation instructions and recognised trade standards.
An effective, regular cleaning and maintenance programme is vital for retaining a high appearance level.

DESSO flooring products should only be used as floorcoverings. Note: Tarkett reserves the right to amend this specification without giving prior notice.

For the latest versions of the technical specifications, contact Tarkett Customer Service via marine@tarkett.com

* ECONYL is a yarn made from 100% regenerated content.
