THE ART OF AMBIENCE CREATION

Simtchana

Be inspired by accent colors from our Vegas Home designs! Accent colors placed at our designs you can use also at small furniture pieces such as armchair, as well as at the other following ornaments in ambient. If accent colors are being used to central pieces of your furniture, choose calmer colors for ornaments and you will have perfect colors' balance in your home. For attractive patterns at rugs, choose more abstract photos for your wall gallery and with combination of wood and textile, your space will look warmer and more cozy. New trend in home decoration is based on natural elements which is enriched by attractive designs from collections Torino and Saga. With the structure of rugs from collection Adria New and Java, that are pet friendly collections, enjoying with pets is now totally relaxing!

Rugs suitable for disinfection at home

Textile floor coverings with a Home disinfection mark consist of materials that facilitate regular disinfection with alcohol-based household products, securing no rug damage, if following the instructions given below.

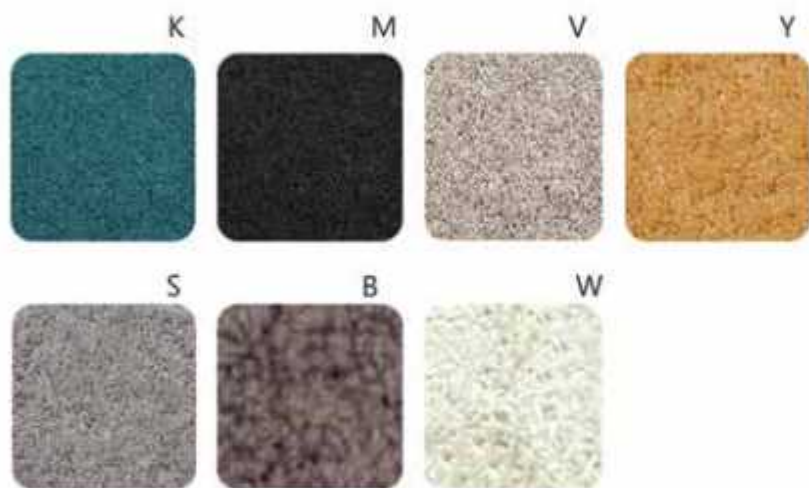

Disinfection is possible with the usage of standard household cleaning products in several ways. Use of ethyl alcohol (75%) or Asepsol (5% benzalkonium chloride) is recommended.

INSTRUCTIONS FOR EFFICIENT AND SAFE DISINFECTION

1. While applying disinfection product on a rug, please wear a protective mask and gloves, as well as protective glasses if needed. During and after the disinfection, it is necessary to ventilate the room.
2. The maximum recommended amount of disinfection product is 500ml per square meter of rug.
3. Applying the disinfectant is proposed with a spray bottle or soaked sponge. When using a spray bottle, apply the disinfectant at a 20-30cm distance from the rug. When disinfecting with a sponge, mop the rug surface and leave it to dry completely before using the rug again.
4. When using Asepsol, it is recommended to use a 5% solution. After the disinfection let the rug dry completely before you use it again.
5. In the disinfection process it is necessary to comply with safety measures and application instructions provided by the disinfectant manufacturers.

A person is shown from the waist down, wearing a dark green top with small white and orange polka dots and orange plaid pants. They are holding a dark green, textured clutch bag with a silver ring and a black braided strap. The background is blurred, showing a wooden railing and a teal bicycle wheel.

PRATTICA

Autumn color tones develop a warm and welcoming feeling
Retro patterns can expand to the timeless decorating style
Practical solution for making cosy atmosphere
