

Safe-T-First

Safe-T-First® Photoluminescent Egress Routing System. Lead the way.

Hero training starts here. Help individuals find their way out of a building in total darkness—and emergency personnel find their way in. The Safe-T-First® System protects from injury, disorientation and panic, and may ultimately save lives. The patented luminescence technology provides a lighted path low to the ground. Meet the challenges of safety and welfare head-on with the innovative Safe-T-First System.

An innovative concept in safety

Safe-T-First's photoluminescence is the result of a patented technology that incorporates bright, long-lasting pigments into Tarkett stair treads, traditional wall base and other items. This unique technology utilizes photoluminescent crystals that are inert, nontoxic and free of radioactivity.

APPLICATIONS

- commercial
- institutional
- governmental
- theaters

FLOORING SYSTEMS

- rubber and vinyl stair treads
- vinyl stair nosings
- traditional wall base
- tactile warning system
- handrail covers
- corner bumper guards

ADA COMPLIANT MARKING INDICATORS

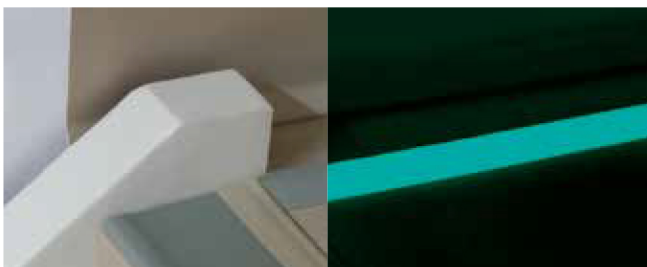

- tape
- guidance strips

Carpet Cove Cap

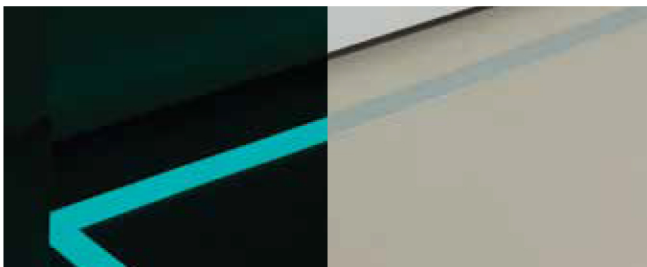

Hand Rail Cover

Safe-T-First® Recommended Color Palette

These colors are a balanced palette of neutrals, which work well with the green cast of the extruded photoluminescent striping, as well as the traditional yellow tape. This carefully selected palette balances superior performance with superior looks.

55 Silver Grey WG

32 Pebble WG

48 Grey WG * +

20 Charcoal WG **

44 Dark Brown B **

38 Pewter CG

28 Medium Grey CG

71 Storm Cloud CG * +

63 Burnt Umber B **

40 Black B **

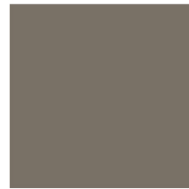

31 Zephyr CB +

80 Fawn CB

283 Toast **

29 Moon Rock WG *

167 Fudge **

49 Beige WB

45 Sandalwood WB **

42 Sable WB

150 Wetlands *

47 Brown **

Safe-T-First

Other Standard Colors Available with Safe-T-First®

The remaining ColorMatch® colors are also available as standard colors, in Safe-T-First.

22 Pearl CB +

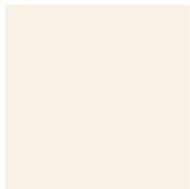

24 Grey Haze WG +

11 Canvas WB +

09 Clay WB

01 Snow White W +

34 Almond W +

129 Silk WB +

130 Sisal

21 Platinum CG +

58 Windsor Blue * +

92 Blue Lagoon * +

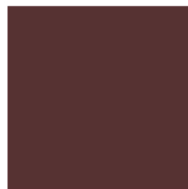

18 Navy Blue * +

132 Espresso * +

76 Cinnamon * +

85 Burgundy * +

86 Hunter Green * +

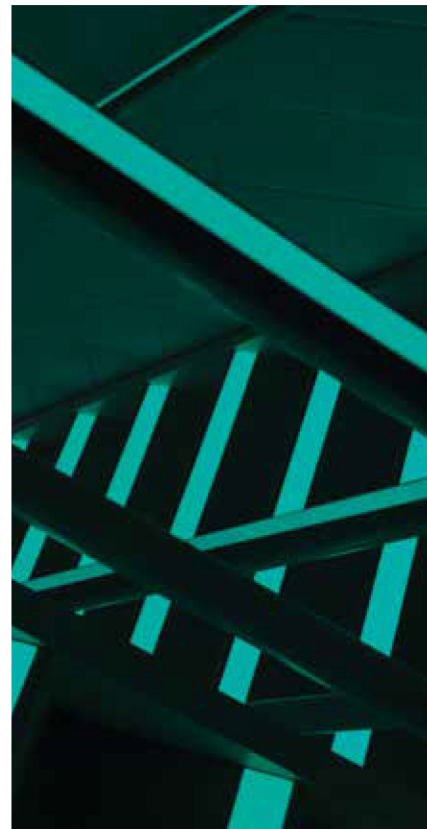

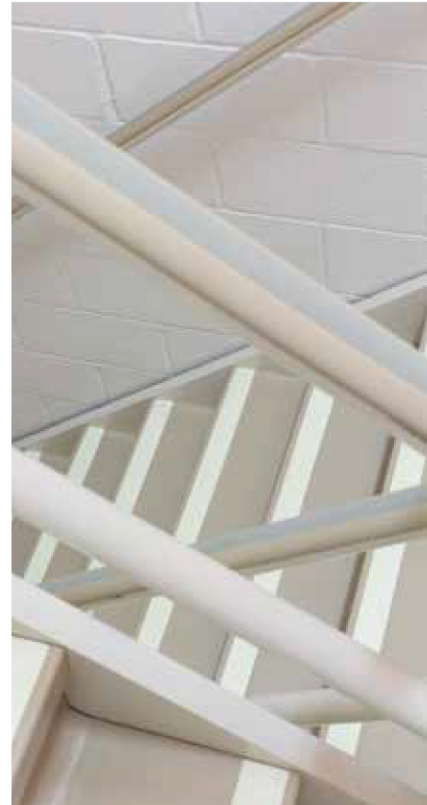

Color Foundations™ is our commitment to always have representation across six key neutral palettes.

We've identified Color Foundations™ neutrals in the following way: WB (warm beige), CB (cool beige), WG (warm grey), CG (cool grey), B (black), W (white).

* These colors can be used in Safe-T-First Rubber Treads for Visually Impaired (VI) installations.

+ These colors can be used in Safe-T-First Vinyl Treads & Nosings for Visually Impaired (VI) installations.

All colors shown on this page, including chips and photographs, approximate the actual flooring colors as accurately as possible.

Safe-T-First

Safe-T-First® System

STF integrates photoluminescent technology into color- and design-coordinated resilient flooring products, allowing the space to look well-designed, in addition to providing safe passage. Available in 36 ColorMatch® colors that coordinate through all Tarkett flooring solutions, STF features low maintenance, highly durable surface finishes that diminish the use of water, chemicals and energy. The system's long life cycle and low maintenance requirements combine industry-leading safety, durability and aesthetic features.

* Note: For the Safe-T-First products which have the "green" photoluminescent striping, there may be slight variations in the green color from batch to batch, due to the inherent variation in the natural photoluminescent mineral (non-toxic strontium aluminate).

Rubber Stair Treads

PVIRH-XX-RD | Round Pattern - Square Nose
PVIRH-XX-SQ | Square Pattern - Square Nose
PVIRTR-XX-RD | Rubber Tread & Riser - Round Pattern - Square Nose
