Made with better materials

100%

of materials analyzed and optimized through **Cradle to Cradle[®] Bronze**

Free of all six classes of harmful chemicals and PFAS*
Non-PVC

Transparency in our products

Industry wide EPD
Material Health Statement

Declare

Approved by Healthcare Without Harm, Defiant Tile, Sliver

Indoor air quality for better health

TVOC 0.5 mg/m³ or less

FloorScore Certified:
Meets CA DPH Section 01350

Greenguard Gold
(Defiant Rubber Tile, Stair Treads/Risers)

Acoustical rating

NRC sound absorption IIC 68

What are the circular economy principles?

Design out waste and pollution to **reduce greenhouse gas (GHG) emissions**

Keep products and materials in use to **retain the embodied energy**

Regenerate natural systems to **sequester carbon**

Taking on Climate Change

Carbon Neutral under the certified Carbonfree[®] Program.

100%

Renewable Energy/
Closed Loop water system

Zero waste to landfill
Manufactured in Ohio

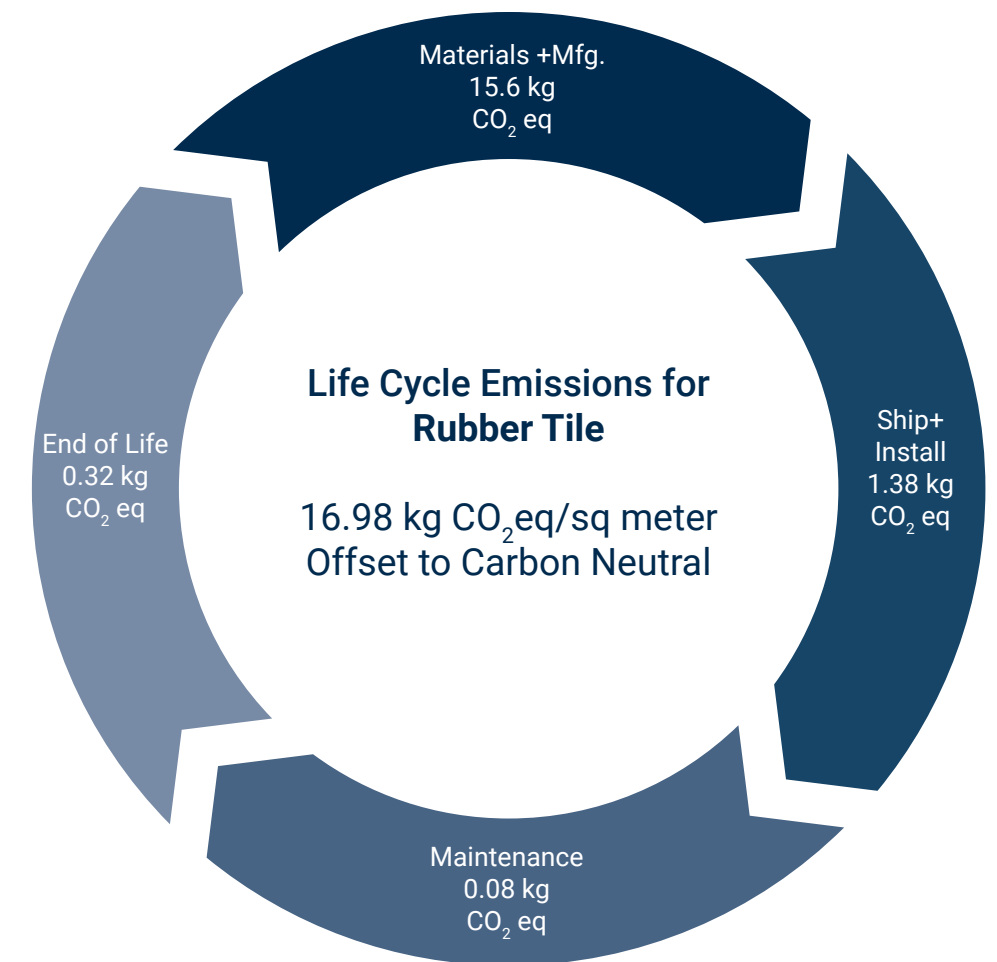

Driving Circular Economy

Recyclable through our ReStart[®] take-back and recycling program

Taking responsibility for carbon emissions at every stage: Rubber Tile

We focus on the areas where we can make the biggest difference for our planet:

- Reducing our impact on climate change
- Conserving important resources
- Using safer materials

Cradle to Cradle[®] certification approves a company's eco-design approach on the basis of five criteria: material health, product circularity, renewable energy and climate requirements, water stewardship and social fairness.

Tarkett Corporate Stewardship

For more than 140 years, Tarkett has been committed to the design of great spaces. For us, this means making conscious choices every day for human and planet health, ensuring that present and future generations are able to thrive. We call this philosophy Tarkett Human-Conscious DesignSM. And it drives everything we do.

Changing the game with circular economy.

Tarkett Human-Conscious Design through Healthy Material Choices

- **98%** of raw materials assessed, over 5000 raw materials
