

# REPAIR KIT

## WOOD ACCESSORIES - PRODUCT INFORMATION

Tarkett Repair Kit for lacquered woodflooring contains everything you need for minor dents and scratches. The puttying compound is available in matching colours for our wooden floors.

Repair kit for lacquered wooden floors contains:

- 1-comp touching up lacquer 30 ml
- puttying compound 20 gr
- sandpaper

### Instructions:

Use the sandpaper very lightly on the damaged spot to remove any sharp edges.  
Fill the damage with puttying compound by using a spreader and let it dry, approx. 1 hour.  
Use the sandpaper again to smooth the surface.  
Put on the lacquer.
