

TARKOCLEAN general purpose cleaner

WOOD ACCESSORIES - PRODUCT INFORMATION

Tarkoclean for lacquered floors is a gentle, effective and eco-friendly general purpose cleaner.

- Designed for all types of lacquered wood floors and laminate floors. Also excellent for all resilient floors, such as vinyl and linoleum with PUR- and polish surface.
- Used for regular cleaning and suitable for both domestic and public spaces.
- Certified with the Nordic Swan Ecolabel and therefore meets strict requirements concerning environmentally hazardous chemicals, including requirements on ecotoxicity and biodegradability.
- Properly maintained floors are often the key to ensuring long-term customer satisfaction.
- Offers effective cleaning performance with a small amount, so that product lasts longer and conserves the planet's resources.
- Used for regular damp or wet mopping. Be sure to wipe dry after cleaning.
- Perfect also for use with machine cleaning methods.

Material no.	8792124	8794435
Pack size	1 litre, 6 x 1 litres per box	5 litres, 3 x 5 litres per box

Technical Information		
Type	Neutral universal cleaner.	
pH	Approx. 9,8 in concentrate, approx. 8 in solution.
