

TARKTOOL

WOOD ACCESSORIES - PRODUCT INFORMATION

Tarktool - Heel Iron

- Spread out glue, lay down the row of boards and knock them in place using the percussion iron. Wedge against wall.
- Tarkett's percussion irons (Tarktool) simplify the work of laying the last row of boards.

Technical Information	Tarktool DIY	Tarktool Silence Professional
Itemcode	8790210	8790202
Description	Filtcovered backside. Recommended to endconsumer for 8,5 - 16 mm floors.	With sound absorbing block and filtcovered backside. Recommended to endconsumer for 8,5 - 22 mm floors.
Pack size	1 x 690 gram	1 x 1300 gram
For more information see tarkett.com		

Tip: If the rows of boards are long, it is difficult to fit the wedges after the first row. Therefore, wait until 4 - 5 rows have been laid, use the Tarktool, and push the laid platform away from the wall before fitting the wedges.

Always refer to the latest installation instructions.
