DROPTILE BLACK Rubber tiles

Droptile Black (30.0mm) is the ideal solution for **free weights and heavy exercise equipment**.

It provides **durability and maximum vibration absorption**. It provides the **perfect level of support for weights and heavy loads up to 150kg***, without showing signs of wear thanks to its 30mm, extremely dense layer made from a mixture of chosen EPDM rubber granules bonded with polyurethane elastomer.

It offers **acoustic reduction of 26dB** and **Cfl-s1 fire performance**.

Droptile Black (30.0mm) has **easy and secure installation** thanks to its loose laid installation with connector pins and is **easy to maintain** thanks to its high surface density.

Droptile Black comes with a **3-year warranty**.
