Linospport xf²™ (3.2mm) is one of the **most natural and sustainable** flooring solutions on the market, Tarkett linoleum has been appreciated for its **beauty, comfort and durability** for **over 120 years**.

Linospport xf²™ collection is **made from 93% natural raw materials** and is available across a range of **traditional marbled patterns in vivid and deep colors**. It is treated with our **unique xf²™ surface protection** for **extreme durability, easy cleaning** and **cost-effective maintenance**.

Linospport xf²™ can be combined with our **exclusive Lumaflex Extreme & Energy systems**, to offer **high sports performances** and **extreme resistance to multi-use**.

Linospport xf²™ is **100% recyclable**, the clean off-cuts can be collected, recycled and reused in the production of linoleum floor coverings through Restart® program.

Linospport xf²™ is **Cradle to cradle Silver certified** and has received the label of **Allergy UK Seal of Approval**: recognized in 135 countries, and is considered to prevent people from allergy diseases.
