- Product Notes**
- Product specifications are derived from averages resulting from normal manufacturing tolerances in yarn, fiber, temperature, humidity and colour. Product specifications may vary within normal industry and standardised testing tolerances.
 - These specifications reflect mean averages based upon tests of production runs of this carpet style by independent laboratories. A range of variances is implied in the testing process. Furthermore, the standard test methods established to derive the specifications lack a degree of precision and repeatability; therefore, individual test results on the actual carpet purchased may differ from the specifications above.
 - Colours may vary slightly from dye lot to dye lot.
 - Backing or other materials may be changed without prior notice when shortages occur or when technological advancements become available which provide for improvement of the product's performance.
 - All Tandus Flooring products are 100% recyclable.

Design creative and modern interiors with
Domino & Layer collections!

Domino and Layer collections have been designed to work seamlessly together mix and matching the three patterns. Select the Light pattern for a bright space, the Accent pattern to integrate vivid and elegant touches of colours into the space, while the Darker pattern can be used to create contrast and more variations into the design.

The color palette is comprised of six neutral color groups shared among the two collections to enable better transitions among the patterns, which are ideal for large open spaces.
